

# 48th Symposium on Hormones and Cell Regulation

Organizers:

Julien VIAUD (FR)

Bernard PAYRASTRE (FR)

Volker HAUCKE (DE)

Bruno GOUD (FR)

## Phosphoinositides

Key Regulators of Cell Signaling and Membrane Dynamics in Health and Disease

From 7th to 10th October 2026 : Mont Sainte-Odile : Alsace, France

<https://www.hormones-cell-regulation.eu/>

The scientific program will feature mini-symposia, covering the following thematic areas:

- *Phosphoinositide signaling in health and human disease*
- *Phosphoinositides in membrane contact sites*
- *Molecular insights into inositol signaling*
- *Phosphoinositide signaling in nuclear functions and genome integrity*

A poster session will give all attendees the opportunity to present their research. In each symposium, 3-4 researchers will be selected for short oral presentations, based on the quality of the abstracts submitted.

Due to limited capacity, participation is restricted to approximately 100 registrants. Early registration is therefore strongly recommended

### Confirmed invited speakers

Vytas Bankaitis (USA)

Emmanuelle Bayer (FR)

John Burke (CA)

Antonella De Matteis (IT)

Dorothea Fiedler (DE)

Mariona Graupera (ES)

Gerry Hammond (USA)

Volker Haucke (DE)

Emilio Hirsch (IT)

Jim Hurley (USA)

Jen Liou (USA)

Ganna Panasyuk (FR)

Takehiko Sasaki (JP)

Len Stephens (UK)

Lloyd Trotman (USA)

Bart Vanhaesebroeck (UK)

Julien Viaud (FR)

Lois Weisman (USA)
